All of our Products are Made in the U.S.A.

At North America Mattress Corp., we specialize in manufacturing healthcare mattresses. Our extensive range includes hospital mattresses, stretcher pads, overlays, and disaster relief mattresses. In addition to our healthcare collection, we offer replacement mattresses for semi-truck, conversion vans, RV's and other outdoor sleep systems. Our product line also extends into a complete line of dorm mattress, camping & sleep pads, as well as residential mattresses.

Rest assured, each mattress from NAMC is handmade in our Clackamas, Oregon facility with attention to detail and high-quality standards. Our American-made mattresses are created for comfort, support, durability, quality and value.

INVEST IN A QUALITY MATTRESS

Industry Leading Comfort

Our pressure mapped custom foam layering ensures a level of comfort to provide a restful night's sleep.

Durability You Can Trust

Advanced stability layers provide long lasting comfort without sagging, ensuring a consistent, hard-working performance every time it's used.

Easily Cleaned Removable Covers

Our covers that are expertly made to provide a safe, comfortable, and durable solution for the healthcare industry.

Quality Assurance

Proudly American-made and veteran owned, we stand behind our products with a 12-month warranty.

MANUFACTURING

We source and manufacture 100% of our materials right here in the U.S.A. All mattresses are made with the highest quality materials and go through rigorous quality assurance before leaving the warehouse. Every mattress is backed by our 12 Month Warranty.

UNIQUE DESIGNS

Made for comfort!

Our uniquely designed mattresses ensure a restful night's sleep by letting our customers choose the right mattress to fit their personal needs. All mattresses go through quality assurance before leaving the factory; every mattress meets strict U.S. fire codes, are hypo-allergenic, anti-bacterial, and easily cleaned!

North America Mattress Corp. has been Awarded the Gold HIRE Vets Medallion Program Demonstration Award by the United States Department of Labor every year since program began in 2018.

The HIRE Vets Medallion Program recognizes employers for their efforts to recruit, employ, and retain our Nation's veterans. The Honoring Investments in Recruiting and Employing American Military Veterans (HIRE Vets) Act of 2017 was signed into law in May 2017. The Department of Labor's Veterans' Employment and Training Service (VETS) administers the HIRE Vets Medallion Program.

Replacing Your Mattresses

By staying proactive in maintaining your hospital mattresses, you are safeguarding the well-being of your patients and promoting a hygienic environment within your healthcare facility. Follow these tips to ensure the integrity of your mattress.

Develop an Inspection Plan

Create an inspection plan for all hospital bed mattresses and mattress covers in your facility.

Follow the manufacturer's guidelines for expected lifespan and any additional recommendations. Replace when necessary.

Contact the mattress cover manufacturer for any additional questions not covered here.

Inspect

Regularly check each hospital mattress cover for any visible signs of damage or wear such as cuts, tears, cracks, pinholes, snags, or stains.

Routinely remove the hospital bed mattress cover and check inside surface. Once the mattress cover is removed, inspect the mattress for wet spots, staining, or signs of damage or wear. Check all sides and the bottom of the mattress.

Be aware that it may be difficult to identify damaged or soiled mattresses without removing the mattress cover first. Mattress covers tend to be dark in color, making it hard to see what lies underneath.

Remove and Replace

Remove any damaged, worn, or visibly stained hospital bed mattress according to the healthcare facility's procedures and manufacturer's instructions.

Immediately replace any mattress cover with visible signs of stains, damage or wear to reduce the risk of infection to patients.

Maintain

Clean and disinfect undamaged mattress covers according to the manufacturer's guidelines.

DO NOT stick needles into a hospital bed mattress through the mattress cover.

Cleaning and Disinfecting

NAMC uses medical-grade fabrics that are designed to be safe, comfortable, and long lasting in a healthcare setting. Our fabrics are stain resistant from most medications, oils, grease and contaminants. The antimicrobial fabric protection system lasts for the lifespan of the fabric. To maximize the life of your mattress cover, NAMC recommends regular cleaning as follows:

GENERAL CLEANING:

- Soils or Stains: Use neutral soap suds and lukewarm water. Do not use harsh cleansers, solvents or detergents.
- Hard-to-Clean Spots: Use standard household/vinyl cleansers, a soft bristle brush and gentle agitation on troublesome spots or stains. Pre-soak heavy, dried-on soil.

DISINFECTING:

- Phenolic disinfectants, such as “Simple Green d PRO 5”, are the best choice for vinyl products, though properly diluted quaternaries are also acceptable. Phenolic should be avoided on urethane.
- Amonia disinfectants are recommended for urethane products. Quaternary/Isopropyl disinfectants are recommended for urethanes, but not recommended for vinyl.
- All NAMC fabrics are cleaned with a 1:30 dilution of “Simple Green d PRO 5” There is no harmful effect on the fabric when used in this dilution ratio.

SPECIFIC COMMERCIAL DISINFECTANTS:

- There are many popular disinfectants being used in care facilities. Cavi-Wipes and Virox5 are two of these that have been tested by Herculite and found to be acceptable for use with NAMC healthcare fabrics when used according to manufacturer’s recommendations.
- Other specific products can be tested by NAMC when the request is accompanied by an unopened product sample. Contact your Sales Representative to coordinate this. Results are communicated in approximately 4-6 weeks.

LAUNDERING:

- Vinyl-laminated or rubber-coated NAMC fabrics is not recommended. Laundering may substantially decrease the useful life of the fabric.
- Polyurethane-coated Sure-Chek fabrics: machine-wash with detergent up to 120°. (Some surface wrinkling may occur. This wrinkling has no adverse effect on the fabric properties). Hang or tumble dry thoroughly at 140° before storage. Using Hypochlorite as recommended by the Center for Disease Control, there is no harmful effect on the fabric when used in this dilution ratio.

PRECAUTIONS:

- Disinfectants applied at full concentration or in highly concentrated solutions may damage the fabric and will decrease the useful life of Sure-Chek fabrics.
- Iodophor type disinfectants used on NAMC fabrics may result in staining. If stains from Iodopher (i.e. iodine bearing) type disinfectants are not treated with a diluted (10:1) bleach solution within 20 minutes of application or spillage, staining will occur.
- Storage of fabrics that have not been dried thoroughly before folding and storing can promote the growth of mildew.

LIST OF CHEMICALS TESTED BY NAMC:

Believed to be safe to use on NAMC brand healthcare fabrics when used according to manufacturer’s directions.

- Simple Green d PRO 5 (used by NAMC)
- Virox 5 Cleaner
- Oxivir® TB Disinfectant Cleaner
- CaviWipes Disinfecting Towels
- ProCure V - Active Ingredient: Chlorine Dioxide
- PDI Sani-Cloth HB Germicidal Disposable Wipe
- Clorox Healthcare Bleach Germicidal Wipes
- Super Sani-Cloth
- Pro-Q256 Cleaners

Stretchers

Marathon Mattress™ Series

Fabrics

Bed and stretcher mattresses come in a variety of materials. Our Ultra Comfort stretchers feature Nymed™ healthcare grade nylon top covers and a non-slip, gripable, four way stretch, bottom covers. Standard stretcher models feature Vynmed™ healthcare vinyl top and bottom covers.

Standard Mattress Features

Heavy-duty Zipper

On bottom allows for internal mattress inspection & easy replacement.

Fluid Protection Flap Over Zipper

Designed to direct fluids over and away from the zipper area.

Flame Retardant

Meets California Technical Bulletin 121 and CFR 1632.

Secondary Fluid Barrier

Assembled between foam and cover providing unique two-way protection.

- Protects foam if outer cover is compromised
- Protects cover by preventing foam's plasticizers from embrittling the fabric, extending cover life

Color Identifier (tagging)

Standard yellow identifier (tagging) included, optional colors (red or blue) upon request.

CertiPUR-US Certified Foam

- Made without ozone depleters, PBDEs, TDCPP or TCEP ("Tris") flame retardants
- Made without mercury, lead and other heavy metals
- Made without formaldehyde
- Made without phthalates regulated by the Consumer Product Safety Commission
- Low VOC (Volatile Organic Compound) emissions for indoor air quality (less than 0.5 parts per million)

12 Month Standard Warranty

Standard warranty covers material and workmanship. Extended warranty available.

Made in the USA - Veteran Owned

Quality workmanship using locally sourced materials.

Unique Features

Removable Nymed™ Cover

Flame resistant, water resistant, anti-bacterial, anti-fungal, antistatic, non-allergenic, non-irritating, and is latex free.

Removable Vynmed™ Cover

Durable, breathable Vynmed™ healthcare vinyl. Soft-supple feel offers exceptional comfort. Anti-bacterial, anti-fungal, water resistant, stain resistant, antistatic, Non-allergenic, non-irritating and is latex free.

FirmEdge™ Passive Restraint System

Provides support on both sides of the mattress during entry and egress. (On ultra comfort model only)

Patient Weight Limit

Depending on the model selected our mattress provides support for patients up to 300lbs for the standard and ultra comfort.

Bariatric model supports up to 500lbs.

Cool Gel Memory Foam

Plush and luxurious, evenly distributes body weight, infused liquid gel for a cooler sleep experience, wicks heat away from body. (On ultra comfort model only)

Multi-Layer Performance Foam

Soft surface/firm base for comfort and support.

Current, Obsolete & Custom

We specialize in crafting mattresses for both current and obsolete models, offering a direct-from-the-manufacturer solution. With our expertise, you can trust that your mattresses are tailored to meet the specific needs of your facility, providing quality and comfort directly from the source.

Choose with confidence as we offer replacement mattresses compatible with a wide range of brands, including but not limited to:

Hill-Rom®
Hausted®
Midmark®
Toshiba®

Skytron®
Borg-Warner®
Simmons®

Comfort Overlay Pads

Patients value exceptional comfort, and our Marathon Overlay delivers just that. Whether it's for extended stays or simply enhancing the comfort of a bed or stretcher, our overlay is the solution. Engineered to be secure, durable, and budget-friendly, it offers a superior experience.

Our Comfort Pads are meticulously crafted to easily attach over existing mattresses, ensuring unparalleled comfort and longevity without any slipping or shifting. The overlay can be conveniently stored using the retention straps, making storage hassle-free. Featuring a top cover made of Nymed healthcare nylon and a bottom cover of Vynmed healthcare polyurethane coated vinyl, our product provides a resilient, anti-static, stain-resistant, and non-allergenic mattress cover.

General Patient and ICU/CCU

Quality to go the distance™

General Hospital Mattress Collection

Step up to the Marathon™ Series Advanced Care Mattresses from our General Hospital Mattress Collection. Engineered with the unique requirements of longer-stay and high-risk patients in focus, our mattresses offer unparalleled support and comfort.

Whether you opt for the Advanced Care™ or the Assure II™, both models are meticulously

designed to address the needs of patients, particularly in preventing pressure ulcers.

Experience the comfort and luxury with our deluxe Advanced Care™ mattress, featuring Vistotech™ gel memory foam for superior support and relaxation. Alternatively, for patients at higher risk, the Assure II™ offers a high loft, convoluted foam top, ensuring optimal comfort and support.

Labor & Delivery

Model 304 Beds

Designed for patient comfort and clinical efficacy

Patients will appreciate the exceptional comfort and support of this mattress. You will welcome the durability and performance.

Ultrasonic Sealed Seams in high fluid areas.

Nymed 6™ Healthcare Grade Nylon Top Cover

- Flame resistant, water resistant
- Anti-bacterial, anti-fungal, non-allergenic
- Non-irritating, latex free

Secondary Fluid Barrier

- Assembled between foam and cover provides a unique protection; if the outer layer is compromised, foam is protected

Removable Cover

- Heavy duty zipper on bottom allows for internal mattress inspection and easy replacement
- Includes fluid protection flap over zipper which directs fluids over and away from the zipper area

HEAD SECTION

- CertiPUR-US foam provides comfortable support for individual's up to 300lbs.
- Soft conforming top layer.
- Cool Gel infused memory foam layer will evenly distribute body weight and cooler sleep experience
- Performance foam internal layer
- Supportive firm foam base layer

FOOT SECTION

- Soft conforming top layer
- Supportive firm foam base layer

Medical Grade Attachment Straps

- Stainless Steel Snaps on foot section to attach pad to bed when required

Removable Nylon Cover

Patient Weight Limit

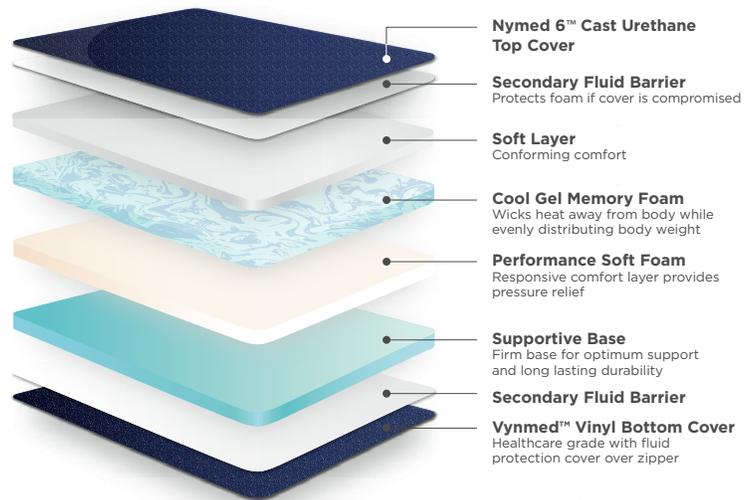

Secondary Fluid Barrier

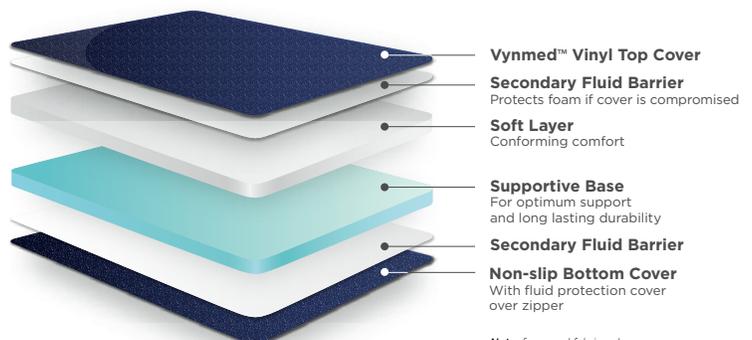

12 Month Warranty

Made in the USA

Note: foam and fabric colors may vary
